## A Bright Clerk in a Wall Street Office

had done well in a business transaction. "Get the finest suit in town," said the broker gleefully, "and send the bill to us."

In a few days the clerk appeared in a beautiful Silk Lined Suit. "Fine suit, fine," remarked the broker as he contemplated first the suit, and then a bill for \$75. "Why didn't you have oil paintings on the buttons?"

It doesn't matter what shape or size or kind of man you are, if you're a suit seeker you'll find what you are looking for here; and there won't be any Wall Street price tag on it. At \$8.50 to \$15.50 this week, we'll suit you right, the style will be right, and the fabric will be really fine.

Be fair to yourself and give us a look.

## THAT TIRED FEELING

## Do You Continually Feel Sluggish, Disinterested?

If you do, it is probably caused by your liver. When the liver fails to perform its functions properly, the system becomes clogged with poisonous matter, that weighs you down mentally and physically.

The liver gets out of order very easily, and if neglected, chronic trouble usually results. Don't delay if you feel badly. You knowingly lay yourself open to life long pain, when you allow yourself to continue in a run down condition. Cure yourself quickly and harmlessly with the natural vegetable remedy, Liv-Ver-Lax. It has all the effectiveness, but not the effect, of calomel.

Genuine Liv-Ver-Lax bears the likeness and signature of L. K. Grigsby, and is guaranteed to give satisfaction or money refunded. Insist on it. For sale by Kincheloe's Pharmacy.

## Are You Sure the Title to Your Land is All Right?

In the current issue of the Farm and Fireside, the national farm paper published at Springfield, Ohio, Herbert Quick, editor of that publication, tells the story of a farmer in Crawford county, Missouri, who, after working a farm for four years, has just discovered that the farm which he supposed he owned belongs to another. A fraud was perpetrated on this farmer by a agent who gave him a deed calling for another farm than the one he showed him and upon which he has been living. The farm which he really owns is a poor rocky piece of land. Mr. Quick uses this story to teach farmers a lesson of being careful about their legal papers. Mr. Quick says in part: "Because we forgot to have a survey made, because we trusted a fellow man, because there are men who are too cowardly to commit murder and therefore kill people indirectly, it's wonderful thing—our farm—is no more. "It is a good thing for us all that thought cannot kill, especially for that swindling land agent. After all he had to rob himself of everything which a real man holds of value before he reached the point of robbing this family—for a commission on the sale of a rockpile! "What shall we say? I have al-
